

2026 ROSE LISTING

Welcome to Flower World's Rose Department! Available to our customers this year are:

Climbers, David Austin, Floribunda, Grandiflora, Groundcover, Hybrid Tea, Miniatures, Shrub and much more.

Each category is described below. Please note: This list is for reference only; not all varieties are available at all times.

The majority of our roses are from Weeks Wholesale Rose Growers, with the balance of the other roses coming from Certified Roses, David Austin Roses and Star Roses.

There will be a selection of Jackson & Perkins roses mixed in with the Weeks roses as the companies have merged.

AARS AWARD means: The rose has won the All-American Rose Selection award.

NW means: rose is recommended for Northwest weather conditions and has an outstanding performance in our climate.

HYBRID TEA ROSES

This is the most popular class of rose and outsells all other types. Flowers are large and shapely, generally producing one flower to a stem. Some will be better suited to the NW climate and will perform extremely well with proper care and pruning. Many thousands of varieties have been produced since the first rose appeared in 1867.

The first tea roses came on tea boats bound for England from India.

HYBRID TEA ROSES	COLOR AND COMMENTS	AARS	NW
Abbaye de Cluny	Modern apricot tones, antique rose-shaped blooms. Produce all summer		X
All My Loving	Light red to dark pink, semi-glossy leaves, profuse flower production		X

VooDoo	Large, sweet scented blooms that change from orange to pink, disease resistant		X
Wedding Bells Eleganza	Two-tone pink, long-lasting blooms with strong myrrh/rose fragrance		X

GRANDIFLORA ROSES

Vigorous plants, sometimes 8-10' tall, with hybrid tea type flowers borne singly or in long stemmed clusters. Some are also derived from crosses between hybrid tea and floribundas. Others are just extra vigorous, cluster flowering sports of other hybrid tea ancestry. These are good for mass color effect and as background and barrier plants.

GRANDIFLORA ROSES	COLOR AND COMMENTS	AARS	NW
About Face	Golden-orangey inside/bronzy-red out, fresh cut apple fragrance	X	X
All Dressed Up	Watermelon pink fully double blooms, mild perfume, disease resistant

Uptown Girl	Coral Pink blooms with a quartered look. Sweet-fruity fragrance		X
Wild Blue Yonder	Velvety petals purple-red highlighted in lavender, citrus-rose scent	X	X

FLORIBUNDA ROSES

Floribundas have clusters of smaller, usually cup-shaped flowers. They generally produce more flowers than hybrid teas, so they are showier in the garden. Pinch out the center bud when the cluster is formed and all the flowers will open at once - a more pleasing effect. These roses are frost hardy, disease resistant, abundant flowering and low maintenance. They thrive in a wide range of soils and climates and their easy care allows you free time to enjoy them. Plants usually grow 2-3' high.

FLORIBUNDA ROSES	COLOR AND COMMENTS	AARS	NW
Angel Face	Lavender blooms, sweet fruity fragrance, leathery foliage	X	
Arctic Blue	Lilac pink blossoms with a cream reverse, mild fragrance, disease resistant		X

Windermere	Highly disease-resistant, creamy yellow fade to pure white. Strong,fruity fragrance	X	X

SHRUB ROSES

Shrub roses are generally bushier and more free-flowering than other types of roses. They bloom repeatedly and heavily for lots of landscape color. Use them with perennials and other flowering shrubs for an "English Country Garden" look.

SHRUB ROSES	COLOR AND COMMENTS	AARS	NW
Alfred Sisly	Burnt salmon/orange flowers striped with creamy white, large semi-double blooms		X

The Fairy	Small ruffled soft pink flowers in large clusters with mild apple fragrance		X
Top Gun	Ruby red blooms with a fruity fragrance, outstanding resistance to disease		X
True Passion	Striking orange-red blooms on an easy to grow shrub with a peppery fragrance		X

SHRUBLET ROSES

Shrublets are roses with varying habits which are never too big to tuck into restricted garden spaces
 These roses are called 'shrublets' because the flowers are individually smaller with proportionately smaller foliage.
 Shrublets bloom abundantly, have a good disease resistance and a high level of hardiness.
 Shrublets look attractive in the landscape with merely a light shaping rather than a hard pruning.

SHRUBLET ROSES	COLOR AND COMMENTS	AARS	NW
Gourmet Popcorn	Bright white, profuse fragrant flowers, rose scented		X

GROUNDCOVER ROSES

Groundcover roses are hardy, spreading roses that quickly cover large areas, where ever you want low growing color that's practically carefree. Each variety will differ in height and width. There are two varieties that can also be used as baskets, or in patio pots - Happy Trails and Snow Shower.

GROUNDCOVER ROSES	COLOR AND COMMENTS	AARS	NW
Playful Happy Trails	Vigorously spreads, blooms in clusters with good repeat throughout the season		X
Rainbow Happy Trails	Vibrant gold-yellow blushed with pink edges on the petals, dark green glossy foliage		X
Snow Pavement	Fragrant, double white flowers, showy rose hips in autumn, dark green foliage		X
Sunset Happy Trails	Everblooming nature. Resistance to downy mildew, black spot, and rust		X
Sunshine Happy Trails	Abundant yellow-gold clusters		X

RUGOSA ROSES

Rugosas thrive in salt air, stand up to strong winds, ignore rain and survive cold winters. They bloom heavily in spring and recurrently throughout the summer. They have old-fashioned clove scented blossoms, and produce large, decorative hips that make the garden colorful in winter. You can't go wrong planting these rugged roses.

RUGOSA ROSES	COLOR AND COMMENTS	AARS	NW
Champlain	Lightly fragrant with dark red blooms on a tough plant	X	
Frau Dagmar Hartop	Profusion of shimmering light pink single flwrs, very compact plant		X
Hansa	Incredibly hardy, after the blooms come a an edible fruit		X

Warm & Fuzzy	Rich, red flowers on an 18" plant. Perfect for container growing	X	X

CLIMBING ROSES

Climbers are easy to grow and among the most spectacular plants in the landscape, adding height and filling it with thrilling masses of bloom. Train them to grow against walls, ramble along fences, climb posts or pillars, cover slopes, or let them trail up and over gateways. They are so impressively beautiful they'll add to the value of your home.

William Baffin	Deep pink, fragrant pink blooms, very hardy, good for cutting		X
Zephirine Drouhin	Deep rose pink blooms, virtually thornless, highly fragrant		

TREE ROSES

Tree roses are either a 18", 2' or 3' stem, which is grafted onto a hardy root stock. The rose itself is then grafted onto the top of the stem. These roses are very elegant when used as a feature among other plantings. Tree roses make a nice vertical statement in your garden. Extra winter protection is needed for the tree to survive. Different heights are available. The shorter trees are great on your deck in pots and patio containers. We also carry a double grafted tree with the first graft at 18" and another graft at 36" which creates a two layered tree. These plants give you a lush topiary look with twice the number of blossoms of conventional rose trees.

TREE ROSES	COLOR AND COMMENTS	*Double Graft
