

# 2025 Clinic Line Up

## **Jan 11 – Indoor Plants - Terri & Linnea - 11:00 AM – 1:00 PM**

It seems everyone has questions about their “Indoor Jungle” This clinic will focus on growing beautiful tropical and indoor plants. We will discuss everything from plant selection, care, watering, fertilizer, and more.

## **Jan 18 – Landscaping “101” - Terri - 11:00 AM – 1:00 PM**

Need some help with basic landscaping ideas? We have them! Terri will discuss basic layouts, dos and don'ts, advice, and other ideas to get your project moving in the right direction. Find out just how easy and fun landscaping can be.

## **Jan 25 – Landscaping “201” - Terri - 11:00 AM – 1:00 PM**

You have the basics down but want next level landscaping help, this is the session for you. Terri will build on the previous class and “dig deeper”. This is also the perfect next step for those who attended “101” and want to “grow”.

## **Feb 1 – Waking Up Your Garden for Spring – Terri – 11:00 AM – 1:00 PM**

Get a jump start on your gardening calendar. This clinic will focus on all the “Must Do” activities to get your spring planting and growing season started on the right track.

## **Feb 8 – Superior Spring Containers – Terri - 11:00 AM – 1:00 PM**

The best containers are pretty, hardy, and well planned. This clinic will show you how to use plants of multiple textures, colors, sizes, and varieties to make your container the “Best on Your Block.”

## **Feb 15 – Mason Bees #1 – Dalene & Terri - 11:00 AM – 1:00 PM**

Looking to “up your garden game”? Learn how to add and harvest these gentle pollinators and see the positive impact they have on your flowers and fruit trees.

## **Mar 1 – Everything You Need to Know About Fruit Trees – Terri & Dalene - 11:00 AM – 1:00 PM**

Have you been thinking about the high price of food lately? Join us and see how simple growing your own fruit can be. Learn tree selection, planting, pollination, watering, and more. Save money and enjoy the taste and satisfaction of fresh “home grown” food.

## **Mar 8 – Rose Clinic – Seattle Rose Society - 11:00 AM – 3:00 PM**

Join the some of the best rosarians in the PNW for this “workshop” style clinic. They will cover various topics during four one-hour sessions. Attend one or stay for them all, there is sure to be something for every level of rose gardener.

## **Mar 15 – Mason Bees #2 – Dalene & Terri – 11:00 AM – 1:00 PM**

Did you miss our first clinic, or maybe you are looking for more information? Here is another opportunity to learn about one of nature's most powerful pollinators.

## **Mar 22 – Gardening with Long Blooming Sun/Shade Perennials – Dalene & Terri – 11:00 AM**

If you are looking for beautiful plants and less work, look no further than adding perennials. This clinic will focus specifically on perennials with long blooming cycles that are suitable for both sunny and shady planting areas.

## **Mar 29 – Cool Crop Veggies for the PNW – Dalene & Terri – 11:00 AM – 1:00 PM**

Shopping for the best tasting veggies? Skip the supermarket and grow your own. Join us as we discuss the most viable vegetable options for our climate and the best way to grow them. We will also discuss matching different crops for different seasons.

## **Apr 5 – The ABCs of Roses – Terri – 11:00 AM – 1:00 PM**

Join Terri, our very own “Rose Fanatic”, for 2 hours devoted solely to roses. She will outline her simple steps to success and spend time recommending rose plant selections that best match your specific garden.

## **Apr 12 – Small Fruits and Berries – Dalene & Terri – 11:00 AM – 1:00 PM**

Let's talk about plants and shrubs that “keep on giving”. Small fruits and berries provide some of nature's best health benefits and you can easily grow them yourself. See how much better tasting your fruits and berries are when you grow them yourself.

## **Apr 19 – Spectacular Summer Containers – Terri – 11:00 AM – 1:00 PM**

Not all containers are created equally. Join us as we dive into selecting plants that not only live in containers, but flourish! Learn the “rules” to successful container gardening that will make your container one-of-a-kind.

**Clinics end with a Q&A session, are free, and RSVP is not required to attend.**
