

**Jan 10 – Indoor Gardening – Tame the Jungle – Terri - 11:00 AM – 1:00 PM**

Indoor gardening can feel overwhelming—but it doesn't have to be. Transform a collection of random plants into a thoughtfully designed indoor jungle by considering temperature, light, humidity, and more. We'll show you how to maximize growth and long-term plant success through smart plant selection, proper care, effective watering, and the right fertilization approach.

**Jan 17 – Landscaping “101” - Terri - 11:00 AM – 1:00 PM**

Designed with the beginner in mind, this class will discuss basic layouts, dos and don'ts, advice, and other ideas to get your project moving in the right direction. Let us show you how simple it is to get started on a lifelong passion of landscaping and gardening.

**Jan 24 – Landscaping “201” - Terri - 11:00 AM – 1:00 PM**

It's time to kick it up a notch. Move past the basics with this next level class. Building on “101” we will “dig deeper”. This is the perfect class for advanced landscapers or those wanting to grow beyond our entry level clinic.

**Jan 31 – Garden Prep for the New Season (Waking Up Your Spring Garden) – Terri – 11:00 AM – 1:00 PM**

Mother nature does the lion's share of the heavy lifting come spring...but only if you prepare ahead of time. We discuss all the “Must Do” activities to make sure your garden is ready when the temperatures go up and blooms begin to return.

**Feb 7 – Start Your Garden Seeds, Cuttings, Vegetable, and more – Terri & Dalene- 11:00 AM – 1:00 PM**

Did you know that over 80% of the beautiful plants and shrubs you find filling our greenhouses are grown right here using seeds, cuttings, and starts? You can do it too. Join us as we discuss the ins and outs of getting your seeds, cuttings, and starts “growing” just like the pros.

**Feb 21 – Mason Bees #1 – Dalene & Terri - 11:00 AM – 1:00 PM**

“Save the Bees”. Honeybees may pollinate plants but Mason Bees seed an entire ecosystem. Add these gentle pollinators and watch your flowers and fruit trees explode. It's simple and Mother Earth will thank you.

**Feb 28 – Planning your Deer & Rabbit Resistant Garden – Terri - 11:00 AM – 1:00 PM**

Everybody has to eat. That's especially true for the deer and rabbits who call your garden home. Does it seem like they nibble your plants faster than you can plant them? Let us help you with plant selection, natural deterrents, and other ideas to help Bambi and Thumper find a new favorite place to dine.

**Mar 7 – Everything You Need to Know about Fruit Trees – Terri & Dalene – 11:00 AM – 1:00 PM**

Picking fruit from your own trees can be one of the most rewarding parts of gardening. Often, pollination and tree selection can be intimidating. That's where we can help. Join us as we dive into everything you need to plant productive fruit trees with bountiful harvests.

**Mar 14 – Rose Clinic – Seattle Rose Society - 11:00 AM – 3:00 PM**

One of the most anticipated clinics of the season. Join the some of the best rosarians in the PNW for this “workshop” style clinic. They will cover various topics during four separate sessions. Attend one or stay for them all, there is sure to be something for every level of rose gardener.

**Mar 21 – Mason Bees #2 – Dalene & Terri – 11:00 AM – 1:00 PM**

Did you miss our first clinic, or maybe you are looking for more information? Here is another opportunity to learn about one of nature's most powerful pollinators.

**Mar 28 – Small Fruits & Berries – Terri & Dalene – 11:00 AM – 1:00 PM**

Who doesn't enjoy a fresh cobbler or pie. Take your desserts to the next level by baking with the fruits and berries grown in your own space. Whether you have containers on the patio, or acres of land, you have enough space to grow small fruits and berries...Let us show you how.

**Apr 4 – The ABCs of Roses – Terri – 11:00 AM – 1:00 PM**

When Flower World talks roses we talk with our “Rose Fanatic” - Terri! For this clinic she devotes 2 hours to roses, and only roses. So, if you love talking roses, join us. We promise all pedals and no thorns.

**Apr 11 – Gardening with Cool Crop Vegetables – Terri & Dalene – 11:00 AM – 1:00 PM**

Now is the time to get your hands dirty and plant lettuce, spinach, kale, and other delicious cool crop veggies. We firmly believe that the best foods are those grown at home. With a few tips, you too will have a green thumb producing lots of tasty leafy goodness.

**Apr 18 – Gardening with Long Blooming Perennials – Terri – 11:00 AM – 1:00 PM**

When you plant with perennials you are rewarded with a garden full of color and blooms all year long. Plus, once planted, perennials return each year. That's like getting new plants every season without the work. Join us to discuss choosing perennials and how they can make all the difference for a long blooming season.

**Clinics end with a Q&A session, are free, and RSVP is not required to attend.**
